

# SANDRINGHAM GOLF CLUB

## Monthly Medals (VGL - Stroke)

**Maximum handicap is 27 for this Individual Event.**

There are 8 VGL Medal events during the year, and all are stroke events. The VGL website contains the rules which players must comply with to be eligible to win the medals. Should there be a tie in any of the VGL Medal competitions the winner is decided by countback.

The Medal events are part of the normal stroke event. Players should complete their scorecard based on their actual handicap (even if over 27). Prizes will be awarded for these stroke events based on actual handicaps, but the Medal winner will be determined based on a maximum handicap of 27. Scores will be processed in Golf Link based on actual handicaps. The 8 medal winners compete for the Star Medallist (see below).
