

SANDRINGHAM GOLF CLUB

JJ Meade Memorial Trophy (Pairs Aggregate, Stableford)

Players compete for a perpetual trophy commemorating former club identity and clubroom steward, the late Joe Meade.

Players register through OneGolf or the Kiosk as if entering an individual Stableford competition.

To enter the pairs event, players must ALSO write their name beside their partner on the entry sheet provided in the Clubs Room. The pairs must play together so it is important to choose your partner prior to the event.

The winning pair is decided by the aggregate of both players' individual scores. In the event of ties, the countback rules will determine the winning pair.

A player can only belong to one pair.

Each player must submit their individual score using MiScore or on the Kiosk. Each player's score is processed in Golf Link to update handicaps.

While the competition of the day is an aggregate pairs event open to visitors, the trophy can only be won by a pair where both players are members.

If a player does not have a partner their individual score will still be processed in Golf Link to update their handicap.
